APC Roy Memorial Lecture -4 (2020)

In response to the prevailing circumstances, the Chemistry Department of Mugberia Gangadhar Mahavidyalaya innovatively hosted the APC Roy Memorial Lecture-4 on August 7, 2020, in an online format. The event continued the tradition of commemorating Acharya Prafulla Chandra Roy—a distinguished scientist, Bengal Chemist, and patriotic entrepreneur.

Esteemed scientists were virtually invited to share their insights, providing a unique online platform to enrich both faculty and students. The virtual setup maintained the essence of the event, featuring a poster competition that encouraged students to explore a variety of scientific topics, fostering creativity, critical thinking, and effective communication.

The online event witnessed enthusiastic participation, showcasing students' dedication to scientific exploration even in a digital environment. Post-event, the top three posters were meticulously evaluated and duly recognized for their outstanding content, presentation, and innovative approach.
