Report on Community Outreach Programme: Addressing Drinking Water Crisis and Nationalism

Organized by the Department of Botany, Physiology, and NCC of Mugberia Gangadhar Mahavidyalaya in association with Mugberia Girls' High School

Date: 29.01.2024

Introduction

On January 29, 2024, a collaborative effort between the Department of Botany, Physiology, and NCC of Mugberia Gangadhar Mahavidyalaya and Mugberia Girls' High School culminated in a Community Outreach Programme focusing on the imminent Drinking Water Crisis.

Objective:

The primary goal was to create awareness about the growing drinking water crisis and educate the community, especially future generations, on sustainable practices for water conservation.

Event Highlights:

Inauguration: The event commenced with an inaugural ceremony at Mugberia Girls' High School, emphasizing the importance of community involvement in addressing water-related challenges.

Workshops were conducted by experts from the Department of NCC, providing valuable insights into the ecological aspects of water conservation and the physiological impact of water scarcity.

Pic .6: Our team in college campus

NCC Initiatives: The NCC actively engaged in community service, organizing clean-up drives, and planting saplings to promote the idea of watershed management and the crucial role of plants in maintaining water quality.

Student Involvement: Students from Mugberia Girls' High School actively participated in awareness campaigns, creating informative posters and distributing pamphlets on responsible water usage.

Interactive Sessions: Open forums allowed community members to share their concerns and brainstorm solutions, fostering a sense of collective responsibility towards water conservation.

Collaborative Efforts:

The partnership between Mugberia Gangadhar Mahavidyalaya and Mugberia Girls' High School showcased the strength of collaborative efforts in addressing societal challenges. Both institutions pledged continued support for future initiatives aimed at environmental conservation.

Conclusion:

The Community Outreach Programme proved to be a resounding success, not only in disseminating crucial information but also in fostering a community-wide commitment to sustainable water practices. The organizers express gratitude to all participants and hope that such initiatives will pave the way for a more water-secure future.
