RESOLUTION:

1. Picnics give us an opportunity to escape from the daily routine and help us open up more with respect to our feelings albeit in a relaxed atmosphere.
2. College picnic provides a great opportunity for students to cherish wonderful experience and face a range of challenges that can contribute significantly to their personal development.
3. Important that students must participate in the picnics as it provides a holistic education.
4. They definitely do foster better mental health in the long run because if you share with your family, you feel that much closer to them in reality.
