NURTURING **ENGLISH**
PROFICIENCY
THROUGH DIGITAL LANGUAGE LAB

“The highest education is that which does not merely give us information, but makes our life in harmony with all existence”

विद्यया ऽमृतमश्नुते

Retaining to this pioneering spirit and to keep space with the demand of communicative skill through English, the 2nd Language, we set up a Hardware based English language learning lab during 2012-13 season. Keeping our motto of continuous effort to upgrade teaching and learning facility we had taken steps to modernise our Language Lab setup. It has now been upgraded to State of the Art Hardware-Software based Language Lab.

Proficiency in a language is built over time, through a process of cognitive learning and interactive practice. Listening, Speaking, Reading and Writing are the key skills in language acquisition and learning. Language primarily develops from Listening and speaking. Listening and speaking skills when nurtured to the Full has a positive and marked effect on the learners of English as a second language.
