APC Roy Memorial Lecture -5 (2021)

In an innovative adaptation to the current circumstances, Mugberia Gangadhar Mahavidyalaya's Chemistry Department hosted the APC Roy Memorial Lecture-5, featuring a special keynote lecture on "Controlled Drug Delivery and Healthcare." The distinguished speaker for this occasion was Professor Pralay Maity from Banaras Hindu University, renowned for his expertise in the field.

Professor Pralay Maity's lecture, a focal point of the memorial event, explored the critical aspects of controlled drug delivery and its profound implications for healthcare. His insightful presentation style not only enriched the virtual audience of faculty and students but also added a significant dimension to the memorial lecture series dedicated to Acharya Prafulla Chandra Roy.

In addition to the keynote address, the event facilitated a direct interaction session, allowing students to engage with Professor Pralay Maity. This interactive session provided students with a unique opportunity to pose questions and engage in meaningful discussions, further enhancing their understanding of the lecture topic.
