**Letter of Understanding B/w WWF-India  
and  
Mugberia Gangadhar Mahavidyalaya**

**ABOUT WWF-INDIA**

WWF-India is one of India's leading conservation organizations with programmes and projects spread across the country. The organisation works towards the conservation of biodiversity, natural habitats and the reduction of humanity's ecological footprint. The mission of WWF-India is to stop the degradation of the earth's natural environment and to build a future in which humans live in harmony with nature.

**ABOUT ENVIRONMENT EDUCATION**

Environment Education has been a core part of WWF India's conservation efforts since 1969. The division's vision is to inform, inspire and empower children, youth and citizens to take action for a sustainable planet. Its three-pronged strategy focusses on building environmental awareness and knowledge; developing requisite capacity and skills; and enabling action for conservation and sustainability. The five education programmes are currently running in 16 states across India, taking within its purview all members of the society across all age groups.

## **ABOUT ECHO**

WWF India engages youth enrolled in universities/colleges to ideate, design, develop and implement their conservation projects around a yearly theme to address the most pressing environmental issue.

Echo provides a platform and WWF-India harnesses their energy and intent by working closely with youth by giving them direction, knowledge, know-how, skills. Echo is a programme for the youth and by the youth. It gives them freedom to decide what they wish to do, how they want to do. Under this programme, we identify driven and motivated students through partnerships with colleges and universities and provide them with the training they need to design and implement solutions for a specific environmental challenge. The theme for the Echo programme is aligned with the Sustainable Development Goals (SDGs) and focuses on most pressing environmental issue of the year.

At the end of the academic year, projects are reviewed and evaluated against set parameter in a state elimination round and selected colleges are provided a chance to showcase their projects at the national level summit. A panel of jury reviews the projects, which are presented by student representatives, and the college with maximum impact is recognized with the title of "Environment Conservation Hero of the Year".

## **THE ACTIVITY**

WWF-India in partnership with the registered college will launch Echo for engagement of students enrolled in the college, through a year-long membership for the students. Each college will nominate one teacher convenor and four youth representatives to lead and represent the respective college in Echo. The nominated youth representatives will work towards engaging other youth in the college to work towards the conservation action project under the theme and help resolve an environmental issue in their college, community or city. WWF-India will provide mentorship, support and guidance for the implementation of the project.

At the beginning of the academic year, a workshop for the nominated youth representatives and teacher convenor will be organized for all participating colleges. The workshop will include an in depth education on the theme of the year through movie screenings, expert talks and various interactive activities. It will include assisted brainstorming session with the youth representatives on project development, including areas and communities to be targeted, operational requirements, involvement of all students etc.

Once the projects are finalized and approved by WWF-India, WWF-India will provide mentorship and will review progress of the projects through review meetings. At the end of the academic year, national level summit will be organized, where the best projects will be recognized through a trophy, certificates, and goodies.

### Annexure 1: Format for submission of student information

The PARTNER INSTITUTE shall provide the following information in respect of every student of CPBFI

1. **Full Name:**
2. **Gender:**
3. **Academic qualification:** If already graduate mention the degree. If pursuing graduation, mention the degree for which studying.
4. **Status:** Mention "Complete" if the candidate is already a graduate. Mention "Pursuing" in case of final year students.
5. **Date of Birth:** in DD/MM/YYYY format
6. **Mobile Number:**
7. **Email Address:**

### Annexure 2: Methodology for Calculating Overall Attendance of the Batch

The steps and formula for calculating overall attendance are as under.

1. Enrollment: Number of students who have registered and paid fees for CPBFI
2. Drop outs: Number of students who stopped attending CPBFI during the batch
3. Regular students: Enrollment minus Drop Out
4. Total available student days: Number of regular students multiplied by total duration of CPBFI (number of days. E.g. 40 days)
5. Actual student days: Sum of days attended by each regular student.
6. Overall attendance (%) = Actual Student Days / Available Student Days X 100

Example: In a CPBFI batch 43 students registered and paid fees. By end of first week 3 students stopped attending the batch. The batch was conducted for 40 days. Out of the 40 regular students – 10 attended every class, 15 attended for 35 days, 10 attended for 33 days and 5 attended by 30 days. Overall attendance will be calculated as under.

Enrollment: 43

Drop-out: 3

Regular students: 40

Available days: 40 X 40 i.e. 1600

Actual days:  $(10 \times 40) + (15 \times 35) + (10 \times 33) + (5 \times 30) = 400 + 525 + 330 + 150 = 1405$

Overall attendance:  $(1405 / 1600) \times 100 = 87.81\%$
